Maor Shtolz

Netanya, Israel | +972-54-990-2676 | maorshtolz@gmail.com

PROFESSIONAL SUMMARY

Systems Integrator and Pre-Sales Engineer specializing in tactical C2, situational awareness and battle-management systems for ground forces, experienced in **leading POCs and product demonstrations for senior clients in Israel and worldwide**, end-to-end system integration and delivery, and bridging customers, sales, and R&D. **Delivered 12 operational systems (~1M ILS in delivered system value) with ~30 more systems in the pipeline, and led ~20 POCs and client demonstrations in Israel and abroad**. Former combat soldier in the Duvdevan unit; multilingual (Hebrew, English, Russian) with a strong affinity for technology in general and drones in particular.

PROFESSIONAL EXPERIENCE

Systems Integrator & Pre-Sales Engineer
Asio Technologies | Jan 2026 - Oct 2026

- **Led ~20 proof-of-concept (POC) deployments and product demonstrations in Israel and abroad**, including operational field deployment and an independent multilingual (English & Russian) POC for senior clients.
- Owned end-to-end integration, testing, and calibration of tactical ground systems — from production to operational delivery; **delivered 12 systems (~1M ILS in system value) with ~30 more in progress**, managing and tracking system status and the delivery pipeline.
- **Served as the technical bridge between the field, sales, and product management** — relaying client requirements and technical insights (including from online demos), shaping joint responses, and building roadmaps for planning and execution.
- Ran system- and operation-level technical discussions with R&D — integration, bug reporting, and feature definition — and **developed Web-based tools** to support integration and demonstration processes.
- Held meetings, demonstrations, and technical representation for clients and senior stakeholders in Israel and abroad — in person and at international exhibitions — to advance deal maturation.
- Built and delivered professional training and presentations in Hebrew, English, and Russian — for clients and for internal onboarding of new employees and sales staff.
- **Initiated and implemented a company-wide innovation-management platform (Innovation Hub)**.

Team Lead
The Sports Family of Israel | 2019 - 2020

- Led and managed a team in a social-sports initiative.

Combat Fitness Instructor
Pre-Military Fitness Training | 2024 - 2026

- Delivered combat fitness training and pre-enlistment preparation.
